

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the abuse of their corporate power to interfere with, and destroy, democracy in America.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. I urge the FCC to intervene and stop this obvious attempt to deceive voters with propaganda masquerading as "news". The FCC should go further and seriously challenge Sinclair Broadcasting's fitness to own media outlets. Revoke their licenses.
